VOLUME CONDITIONER

WHAT IT IS:

Just enough condition to hydrate hair while enhancing shine, detangling, and providing improved flexibility. Hair is left stronger, resists shedding, resists breakage, and looks naturally thicker and fuller without being weighed down.

THE BENEFITS:

- QUINOA PROTEIN: plumps each strand to maximum fullness.
- BENTONITE CLAY: plumps, strengthens and protects hair.

HOW TO USE:

After cleansing with shampoo, apply evenly from roots to ends. Leave in for 3-5 minutes and rinse thoroughly.
