## AMETHYST OIL

### WHAT IT IS:

A lightweight oil that provides luminous shine, improves softness, and controls frizz while speeding up drying time. Leaves hair soft and silky-not greasy. Can be used on wet and dry hair. Also makes a great beard oil for men. Instantly conditions and keeps facial hair soft and well groomed.

### THE BENEFITS:

- **HEMP SEED PROTEIN:** fights fly-aways and frizz.
- **AMETHYST:** speeds up drying time & protects the hair from heat styling up to 410°.

### HOW TO USE:

**ON WET HAIR:** apply a few drops concentrating on the mid-lengths and ends. Comb through to distribute evenly. Style as usual.

**ON DRY HAIR:** lightly apply and work through hair for added shine and to tame fly-aways.
